

A Complete Range of Hand Hygiene and Skin Care Products

Developed specifically for healthcare workers' hands

ABOUT DEB GROUP

Deb is a world leader in occupational skin care and hand hygiene

We have been providing dedicated skin care and hand hygiene solutions for over 80 years. Our purpose is to set higher standards in leading the fight against occupational skin disorders and the spread of infections. We are committed to working with hospitals who wish to engage and empower their employees to **Make Hands Matter in the Workplace.**

- In **2016**, in order to complement DebMed's Electronic Hand Hygiene Compliance System, **Deb Group purchased STERIS Corporation's hand hygiene** and surface disinfection business
- This **acquisition brought well known formulas** such as Alcare Plus®, Cal Stat® Plus, BactoShield®, CV® Medicated Lotion Soap, Kindest Kare®, Soft 'N Sure® and the Coverage® disinfection brands into the Deb Group
- The **STERIS Hand Hygiene and Surface Disinfectant business was integrated into DebMed**, the healthcare division of the Deb Group in order to provide added products focused on infection prevention

ABOUT DEBMED

An Integrated Skin Care and Hand Hygiene Compliance Program

DebMed offers a broad range of products designed to address the needs of caregivers' hands in order to protect patients. Combined with our innovative hand hygiene compliance system, DebMed is well positioned to assist hospitals in the fight against HAIs.

Our experienced **field-based account managers** work with each customer to support Infection Prevention, Quality, Environmental Services and Materials Management. Together, we can improve hand hygiene outcomes and achieve lasting improvement.

To achieve this goal, DebMed integrates three key elements:

ESSENTIAL
Products

VITAL
Information

HIGHEST
Standards
of Behavior

ESSENTIAL Products

The DebMed product range is formulated to achieve the highest levels of clinical effectiveness. These products are mild enough to be used in high frequency healthcare environments.

The DebMed Product Difference:

- ✔ Formulated for frequent use
- ✔ Documented clinical efficacy
- ✔ Cost-effective
- ✔ Touch-free and manual dispensers that are highly reliable and meet the needs of Environmental Services and Facilities
- ✔ Trusted STERIS formulations combined with innovations from DebMed

VITAL Information

The DebMed Electronic Hand Hygiene Compliance System is the only research-based, badge free system that captures all events based on the **'WHO 5-Moments for Hand Hygiene'** and is proven to deliver a true compliance rate.

The DebMed System Difference:

- ✔ Calculates real-time compliance scores - beyond just room entry and exit
- ✔ Requires no badges to buy or maintain, supporting efficient workflow
- ✔ Clinically proven to improve hand hygiene compliance and significantly reduce HAIs (MRSA and C.diff) ^{1,2}
- ✔ The scientifically validated model has been proven to accurately benchmark the number of hand hygiene opportunities
- ✔ Compliance scores are proven to be more accurate than direct observation ³
- ✔ Generates significant cost savings

HIGHEST Standards of Behavior

Our dedicated account representatives will **support your infection prevention and hand hygiene initiatives** using a customized approach to meet the unique needs of your facility.

The DebMed Training Difference:

- ✔ On-site training, product support, and hand hygiene fairs
- ✔ Featuring Deborah, your partner in hand hygiene compliance
- ✔ Comprehensive awareness materials and hand hygiene toolkit
- ✔ Fun, interactive, on-site demonstrations utilizing Glo-Germ® to educate staff on proper hand hygiene techniques
- ✔ Identify accurate and reliable compliance rates, and achieve data driven improvements when utilizing the DebMed System
- ✔ Optimal dispenser placement program

Lotions

Lotion Soft® Skin Conditioner

- Contains a blend of seven emollients and moisturizers, making it an ideal moisturizer for healthcare personnel following handwashing
- Does not contain petrolatum or mineral oil so that health care personnel can use it under gloves
- Rubs in quickly with a non-greasy after feel
- CHG compatible - Nonionic moisturizing lotion that does not inhibit residual activity of Chlorhexidine Gluconate (CHG)

Code	Size	Code	Size
1029-87	1 Liter/12 per case	1029-K6	4 oz/72 per case
1029-R5	15 oz/12 per case		

Surgical Scrubs

BactoShield® CHG 4% Handwash/ Surgical Scrub

- Antimicrobial skin cleanser with 4% Chlorhexidine Gluconate. Chlorhexidine Gluconate is one of the most accepted active antimicrobial agents
- Designed for healthcare personnel handwashing, surgical hand scrubbing, patient preoperative skin preparation, skin wound, and general skin cleaning
- Provides rapid and persistent antimicrobial action

Code	Size	Code	Size
1344-08	1 gal/4 per case	1344-33	16 oz/12 per case
1344-24	1 qt/12 per case	1344-39	4 oz/48 per case

BactoShield® CHG 2% Handwash/ Surgical Scrub

- Provides rapid, persistent bactericidal action against a broad spectrum of microorganisms including methicillin-resistant *Staphylococcus aureus* (MRSA) and vancomycin-resistant enterococci (VRE) (modified time kill *in vitro data*)*⁵
- Designed for healthcare personnel handwashing, surgical hand scrubbing, patient preoperative skin preparation, skin wound, and general skin cleaning
- Newer technology allows 2% Chlorhexidine Gluconate (CHG) to be as efficacious as 4% Chlorhexidine Gluconate
- Thicker formulation for less run-off and better lathering characteristics, and is amber in color, with a fresh scent

Code	Size	Code	Size
1322-08	1 gal/4 per case	1322-24	1 qt(32 oz)/12 per case
1322-87	1 Liter/12 per case	1322-39	4 oz/48 per case

Alcare® OR Foamed Antiseptic Handrub

- Foam mousse, 62% (v/v) ethyl alcohol-based waterless surgical scrub
- Tested in accordance with FDA proposed clinical methods for waterless Healthcare Personnel Handwash and waterless Surgical Scrub
- Kills 99.999% of MRSA, VRE in 15 seconds (modified time kill *in vitro data*)*⁵
- Formulated with enhanced emollients to provide moisturization to avoid skin damage associated with traditional surgical scrubbing
- CHG compatible – does not reduce CHG persistence

Code	Size
6396-80	17 oz/12 per case
T164-Q0	Hands Free Foot Pump (each)

BactoShield® CHG Scrub Brush

- Contains .25 mL of 4% Chlorohexidine Gluconate (CHG) scrub solution in a non-alkaline base
- Provides rapid bacterial action and has a persistent antimicrobial effect against a wide range of organisms
- Dye-free to reduce the risk of allergic reactions

Code	Size
1364-PJ	8 Boxes of 30 scrub brushes / 240 brushes per case

Surface Disinfectants

Coverage® TB Plus Disinfectant Surface Wipes

- Non-woven disposable cloths for cleaning, disinfecting, and deodorizing
- 2-Minute contact time
- Broad spectrum against gram positive, gram-negative bacteria, non-enveloped and enveloped viruses, fungicidal, and tuberculocidal
- Contains 21% Isopropyl Alcohol with a Quaternary Ammonia blend
- Safe on Surfaces – compatible with clinical surfaces, including vinyl and clear plastic
- Excellent Cleaner – Low alcohol formula won't fix blood to surfaces
- Same chemistry as the Coverage® Spray TB Plus - disinfecting simplified.

Code	Size
1726-GS	160 ct canister; 6" x 6.75" wipes/ 12 canisters per case
1726-WC	60 ct canister; 10" x 10.5" wipes/ 12 canisters per case

Coverage® Spray TB Plus

- Kills a broader range of bacteria, viruses, and fungi within 2 minutes including Mycobacterium tuberculosis
- Designed for inanimate surfaces including plastics, stainless steel, chrome, vinyl, acrylic, glass, Plexiglass, and baked-on painted surfaces
- Excellent substrate compatibility
- Allows application without producing aerosolized airborne particles that may be aspirate
- Same chemistry as the Coverage® TB Plus Germicide Wipes - Disinfecting Simplified

Code	Size
1629-08	1 gal / 4 per case
1629-B4	24 oz spray bottle / 12 per case

Coverage® Spray HB Plus

- A broad range of activity against viruses including HBV (Hepatitis B), gram negative and gram positive bacteria, and fungi
- Ready to use one step disinfectant
- Effective against gram negative and gram positive bacteria
- Excellent substrate compatibility

Code	Size
142977	22 oz spray bottle / 12 per case

Coverage® Plus Germicidal Surface Wipes

- Non woven disposable cloths for cleaning, disinfecting, and deodorizing
- 2 minute contact time
- Broad spectrum against bacteria, viruses, fungicidal, tuberculocidal
- Contains 41.58% Isopropyl Alcohol with a Quaternary Ammonia blend

Code	Size

MEET DEBORAH

Helping to motivate your facility to achieve the highest standards of behavior

Deborah is your partner in hand hygiene compliance. She is passionate about infection prevention and reducing HAIs through proper hand hygiene behavior.

Her goal is to:

- Train and educate your staff
- Provide the highest level of patient care
- Demonstrate the highest standards of behavior through proper hand hygiene techniques
- Provide training techniques for more than just in and out

Deborah is dedicated to collaborating with you on best practices so that together we can make hands matter in the workplace.

ABOUT DEB GROUP

The Deb Group is a world leader in occupational skin care and hand hygiene. DebMed is the healthcare division of the Deb Group.

Deb Group is a part of SC Johnson, a privately held, family company and one of the world's leading manufacturers of products for cleaning, home storage, air care, pest control & shoe care.

By implementing the DebMed® Program you will be able to drive long lasting skin care behavior change in your organization to improve staff skin health, reduce risk and save money.
